KEYCARD INFORMATION GENERAL INFORMATION

KeyCard Einsatz € 2,00 Dank wiederflarfäharem Microchip ist dieser elektronische Datenträger wiederverwendbar. Die unbeschädigten KeyCards werden an allen Skipass-Verkaufsstellen und in den meisten Sportgeschäften und Hotels zurückgenommen. Skipassverkauf auch online auf saalbach.com und starjack.at

Skipässe werden an allen Seilbahnen und Liften elektronisch kontrolliert. Wir bitten Sie, den Skipass auf der linken Körperseite zu tragen und auf Verlangen unseres Kontrollpersonals vorzuweisen. Es wird darauf hingewiesen, dass zum Zweck der Zutrittskontrolle ein Referenzfoto des Skipassinhabers der Skipassinhaberin beim Durchschreiten eines mit einer Kamera ausgestatteten Drehkreuzes angefertigt wird. Dieses Referenzfoto wird durch das Seilbahnpersonal mit denjenigen Fotos verglichen, welche bei jedem weiteren Durchschreiten eines mit einer Kamera ausgestatteten Drehkreuzes angefertigt werden. Dies Referenzfoto wird sofort nach Ablauf der Gültigkeit des Skipasses gelöscht, die sonstigen Fotos spätestens 15 Minuten nach dem jeweiligen Durchschreiten eines Drehkreuzes, sofern nicht eine missbräuchliche Verwendung des Skipasses vorliegt. Es wird darauf hingewiesen, dass auch die Möglichkeit besteht, Skipässe zu erwerben, welche technisch so konfiguriert sind, dass beim Durchschreiten des Drehkreuzes kein Foto angefertigt wird. In diesen Fällen muss aber mit Stichprobenkontrollen durch das Seilbahnpersonal gerechnet werden. Bitte beachten Sie, dass Kreditkarten sowie Handys Ihre KeyCard stören bzw. sogar löschen können und deshalb nicht unmittelbar nebeneinander getragen werden sollten.

KeyCard Deposit: € 2,00 This electronic data device features a rechargeable micro-chip and can therefore be used repeatedly. Return your undamaged KeyCard at all lift offices, most sports shops and hotels. The ski tickets are also available online at saalbach.com and starjack.at.

Ski passes are checked electronically at all lifts. Please carry your ski pass on your left side and show to lift staff on request. Please also note that for purposes of lift access control a reference photograph of the lift pass holder will be taken when he/she passes through a gate equipped with a camera for the first time. The lift staff will compare the reference picture with photos taken every time the ticket holder passes a gate. The reference photograph will be deleted from the system immediately upon expiry of the validity of the lift pass; all other photographs will be deleted from the system no later than 15 minutes after passing through the respective gate. We would like to point out that it is also possible to purchase lift tickets that are configured without photograph taking. Yet, holders of those tickets must take into account spot checks by the lift staff. Please note that credit cards as well as mobile phones and other electronic devices may interfere with or even delete your KeyCard – so please make sure to keep them separate.
